Large Animal Tests

REQUIRED

Clinic Account #: _____ Collection Date: _____

Hospital/Clinic: _____ Zip Code: _____

Veterinarian: _____ Owner Last Name: _____

Animal Name: _____ Species: _____ Breed: _____

Age: _____ Sex: M M(N) F F(S) Patient ID/MRN: _____

Visit www.zoetisdx.com
to see our full directory
of tests or to order online.

Staff Pet: Please check if this is for an
employee's personal pet.*

ClinChem Panels

- CHEM18EQ** Large Animal ClinChem 18 0.5 mL serum in SST or RTT
- CHEM24EQ** Large Animal ClinChem 24 1 mL serum in SST or RTT
- 511** Large Animal Liver ClinChem 1 mL serum in SST or RTT
- 485** Large Animal Renal ClinChem 1 mL serum in SST or RTT
- 486** Large Animal Pre-anesthetic ClinChem 1 mL serum in SST or RTT

Hematology

- 7000** Large Animal Basic CBC for wellness screens in non-geriatric, healthy patients 2 mL EDTA whole blood, air-dried slides
- 8000** Large Animal Comprehensive CBC recommended for sick or geriatric patients 2 mL EDTA whole blood, air-dried slides
- PATH** Blood Smear Review by a pathologist a Comprehensive CBC must be ordered for a Pathologist Review

Fecal/Parasitology

- 2320A** Ova and Parasite (Centrifugal Fecal Flotation) Test 3 gm fresh feces
- 2328** McMaster (Fecal Egg Counting) Test 5 gm fresh feces
- 487** Centrifugal Fecal Flotation test (O&P) & McMaster (Fecal Egg Counting) Test 8-10 gm fresh feces

Microbiology

Required: SOURCE (eg, wound, ocular fluid, skin):

- 7154** Equine Uterine Culture Culture swab
- 7156** Aerobic Culture Culture swab or fluid/tissue in WTT or sterile tube
- 7157** Anaerobic Culture Culture swab or fluid/tissue in anaerobic transport medium
- 7135** Aerobic and Anaerobic Culture Culture swab or fluid/tissue in WTT, anaerobic transport medium, or sterile tube

Serology/Infectious Disease

- COGAGID** Coggins AGID (Paper Submission) 1 mL serum in SST or RTT. A completed USDA form is required for all Coggins submissions, either electronically or with an approved USDA paper form
- COGELISA** Coggins ELISA (Paper Submission) 1 mL serum in SST or RTT. A completed USDA form is required for all Coggins submissions, either electronically or with an approved USDA paper form
- E1560** Coggins AGID (Electronic Submission) 1 mL serum in SST or RTT
- E1561** Coggins ELISA (Electronic Submission) 1 mL serum in SST or RTT

NOTES

Large Animal Bundles

- EQWP** Large Animal Wellness Bundle 2 mL EDTA whole blood, air-dried slides; 1 mL serum in SST or RTT
- 489** Large Animal Exercise Bundle 1 mL serum in SST or RTT; 5 mL urine
- 494** Large Animal Metabolic Bundle 1 mL EDTA plasma (frozen) **and** 2 mL serum in SST or RTT
- 495** Large Animal Pre-anesthetic Bundle 2 mL EDTA whole blood, air-dried slides; 1 mL serum in SST or RTT
- 497** Large Animal Renal Bundle I 2 mL EDTA whole blood, air-dried slides; 1 mL serum in SST or RTT; 5 mL urine
- 498** Large Animal Renal Bundle II 1 mL serum in SST or RTT; 5 mL urine

Endocrinology

- 5101** Cortisol 0.5 mL serum in RTT
- 5102** Total T4 0.5 mL serum in SST or RTT
- EQTHYROID** Thyroid Panel, Equine (TT4, TT3, Free T4) 1.5 mL serum in SST or RTT
- ENDOACTH** Equine Endogenous ACTH 1 mL EDTA plasma, separated from cells within 4 hours and shipped frozen
- EQCUSHING** Equine Metabolic Panel (ACTH, insulin, glucose) 1 mL EDTA plasma, separated from cells within 4 hours and shipped frozen **and** 1 mL serum in SST or RTT
- CUSHING** Equine Metabolic Syndrome Diagnostic Plan (Cornell) 1 mL EDTA plasma **and** 1 mL serum in RTT. Separate and freeze plasma immediately
- 2222** TRH Stimulation Test for Equine Cushings/PPID 2 samples, 1 mL EDTA plasma for each sample; Separate and freeze plasma immediately

Urinalysis

Sample Collection Type: Cysto Cath Free/Void

- 3000** Urinalysis 5 mL urine in sterile container
- 1555** Urine Protein: Creatinine Ratio 1 mL urine in sterile container
- 521** Urinalysis + Reflex Urine Protein: Creatinine Ratio 5 mL urine in sterile container
- 538** Urinalysis + Culture/Sensitivity 5 mL urine in WTT or sterile container

Drug Screening

- DSNSAIDTQ** Drug Screen w/Tranquilizers, NSAIDS, Equine 10 mL serum in SST or RTT or 10 mL EDTA plasma
- DSNSAIDS** Drug Screen, NSAIDS, Equine 10 mL serum in SST or RTT or 10 mL EDTA plasma
- DGSCRFIRO** Drug Screen Firocoxib 10 mL serum in SST or RTT or 10 mL EDTA plasma
