

ZOETIS DIAGNOSTICS

vetscan Imagyst[®]

AI Dermatology

Efficient, in-clinic dermatology analysis

Powered by deep-learning AI, Vetscan Imagyst analyzes skin impression smears, ear swabs and skin swabs in minutes while you focus on your patients.

Part of the unique, multi-application Vetscan Imagyst platform from Zoetis

Point-of-care diagnostics enable fast treatment plans

- ✓ **Detects** yeast, inflammatory cells and bacteria
- ✓ **Differentiates** between cocci and rods
- ✓ **Provides answers** within the first visit for better patient outcomes

Efficient analysis helps you streamline workflow

- ✓ **Traditional slide preparation** using common techniques
- ✓ **Consistent results**, regardless of personnel training
- ✓ **Frees up staff** to spend more time with patients

Expert-level testing provides a valuable service to your customers

- ✓ **Accuracy** comparable to expert board-certified pathologists¹
- ✓ **Detailed reports** simplify conversations with pet owners
- ✓ Request **expert review** or consultation on any case*

ZOETIS DIAGNOSTICS

vetscan Imagyst®

Get the complete picture

Vetscan Imagyst® is an innovative, multi-use diagnostic tool that provides expert-level results in minutes at the point of care.¹⁻⁴ Review the images to make your diagnoses and add on remote expert review whenever you need it, so you can treat patients quickly and with confidence.

Innovative

First-of-its-kind technology that becomes more powerful with each new indication added.

Comprehensive

Fecal, urine sediment, dermatology, blood smear and digital cytology on a single instrument.

Connected

Anytime, anywhere access to reports on ZoetisDx.com, and a global network of pathologists for remote expert reviews.

Supported

Complimentary consultations with a specialist whenever you clinically need it, for the support to diagnose and manage any case.

POWERED BY

Bringing specialist-level medicine to your clinic

The Zoetis Virtual Laboratory offers deeper insights through its unique portfolio of interconnected diagnostic products and services. Central to the Virtual Laboratory offering, Vetscan Imagyst connects innovative, in-clinic AI diagnostic testing with real clinical pathology expertise, empowering confident treatment decisions and elevating patient care.
