

ZOETIS DIAGNOSTICS

vetscan Imagyst®

Innovative, all-in-one diagnostic technology at the point of care

Powered by deep-learning AI, Vetscan Imagyst® offers five testing capabilities on a single instrument, for results comparable to an expert clinical pathologist.¹⁻⁴

AI Fecal

- ✓ Detects parasitic ova, cysts and oocysts
- ✓ Clean, efficient approach to fecal analysis

AI Urine Sediment

- ✓ Consistent, thorough urine sediment analysis
- ✓ Point-of-care testing eliminates sample changes due to delayed testing

AI Dermatology

- ✓ Identifies yeast, inflammatory cells and bacteria
- ✓ Differentiates between cocci and rods
- ✓ Informs optimal treatment plans

AI Blood Smear

- ✓ Reads blood smears in minutes
- ✓ Identifies hematologic abnormalities
- ✓ Supplements CBC results for a comprehensive hematology picture

Digital Cytology

- ✓ Transforms the way you get cytopathology results
- ✓ Digital access to board-certified clinical pathologists
- ✓ Specialist insights in about two hours⁵

ZOETIS DIAGNOSTICS

vetscan Imagyst®

Get the complete picture

Vetscan Imagyst® is an innovative, multi-use diagnostic tool that provides expert-level results in minutes at the point of care.¹⁻⁴ Review the images to make your diagnoses and add on remote expert review whenever you need it, so you can treat patients quickly and with confidence.

Innovative

First-of-its-kind technology that becomes more powerful with each new indication added.

Comprehensive

Fecal, urine sediment, dermatology, blood smear and digital cytology on a single instrument.

Connected

Anytime, anywhere access to reports on ZoetisDx.com, and a global network of pathologists for remote expert reviews.

Supported

Complimentary consultations with a specialist whenever you clinically need it, for the support to diagnose and manage any case.

POWERED BY

Bringing specialist-level medicine to your clinic

The Zoetis Virtual Laboratory offers deeper insights through its unique portfolio of interconnected diagnostic products and services. Central to the Virtual Laboratory offering, Vetscan Imagyst connects innovative, in-clinic AI diagnostic testing with real clinical pathology expertise, empowering confident treatment decisions and elevating patient care.
