

ZOETIS DIAGNOSTICS

vetscan® VUE+

Automatically scan, display and share rapid test results with a next-generation reader

Eliminate manual processes and the margin for human error, and connect results directly to your PIMS via the Vetscan Hub™*, for a streamlined workflow that delivers reliable answers as well as peace of mind.

Reliable reader enables quick, confident treatment decisions

- ✓ **Calibrated to the expertise** of a highly experienced operator
- ✓ **Reads all Vetscan Rapid Tests**
- ✓ Part of the comprehensive **Zoetis Virtual Laboratory** ecosystem

Automated process increases efficiency and frees up staff time

- ✓ Trusted turnkey solution — **insert a test and come back in 8-10 minutes†**
- ✓ **Timed and quick scan options** to suit your practice and patient needs
- ✓ Hardwired connection for **stable Hub, PIMS‡ and cloud integration**

Automation and connectivity with PIMS‡ maximises practice revenue

- ✓ Transmits results to PIMS and **prevents missed charges**
- ✓ **Eliminates risk of misreads** and need for retesting
- ✓ Enables staff to **focus their valuable time elsewhere**

* Vetscan Hub required.

† Approximate. Refer to the instructions for the rapid test you are using for the specific read time.

‡ Compatible with select practice information management software (PIMS).

ZOETIS DIAGNOSTICS

vetscan® VUE+

Rapid diagnostic insights are more accessible than ever

At critical moments in patient care, Vetscan® Vue+ enhances the power of Zoetis Diagnostics to reliably analyse and digitise a wide range of rapid tests — so you can make confident treatment decisions that enhance patient outcomes and optimise your practice.

Comprehensive

A single instrument with the flexibility of analysing an extensive portfolio of diagnostic rapid tests.

Connected

Part of a connected ecosystem of innovative diagnostic products and services, all seamlessly connected by the Zoetis Virtual Laboratory.

Supported

Expanded access to a network of resources and specialists through the Zoetis Virtual Laboratory for highly convenient expert guidance.

POWERED BY

Bringing specialist-level medicine to your clinic

The Zoetis Virtual Laboratory offers deeper diagnostic insights that elevate patient care through interconnected in-clinic and online workflows. With results from your Vetscan Vue+ and other point-of-care analysers combined with highly convenient, easily accessible specialist support through ZoetisDx.com; veterinary teams are empowered to make fast, confident treatment decisions from the very first appointment.
