

ZOETIS DIAGNOSTICS

GetWell

Educational support for sick pet care

Optimize your practice with GetWell, an educational toolbox of symptom- and disease-based content for enhanced case management, confident decision making and effective communication.

96% of pet parents complied with recommended testing for their sick pet.¹

Get the most out of GetWell resources

Facilitate diagnostic decision making

Symptom-based medical resources across various clinical presentations guide efficient, effective diagnostic decisions for sick pets.

Build disease-state knowledge

Easily digestible content helps deepen staff understanding of specific disease groups and enhance patient outcomes.

Navigate tough patient conversations

Guidance for effective, kind discussions with pet parents builds trust, strengthens client relationships and ensures compliance.

"The fact that we can go into the exam room confidently, as their care provider, and say 'we're going to have a plan today; we're going to get to an answer,' is a huge relief for a pet owner."

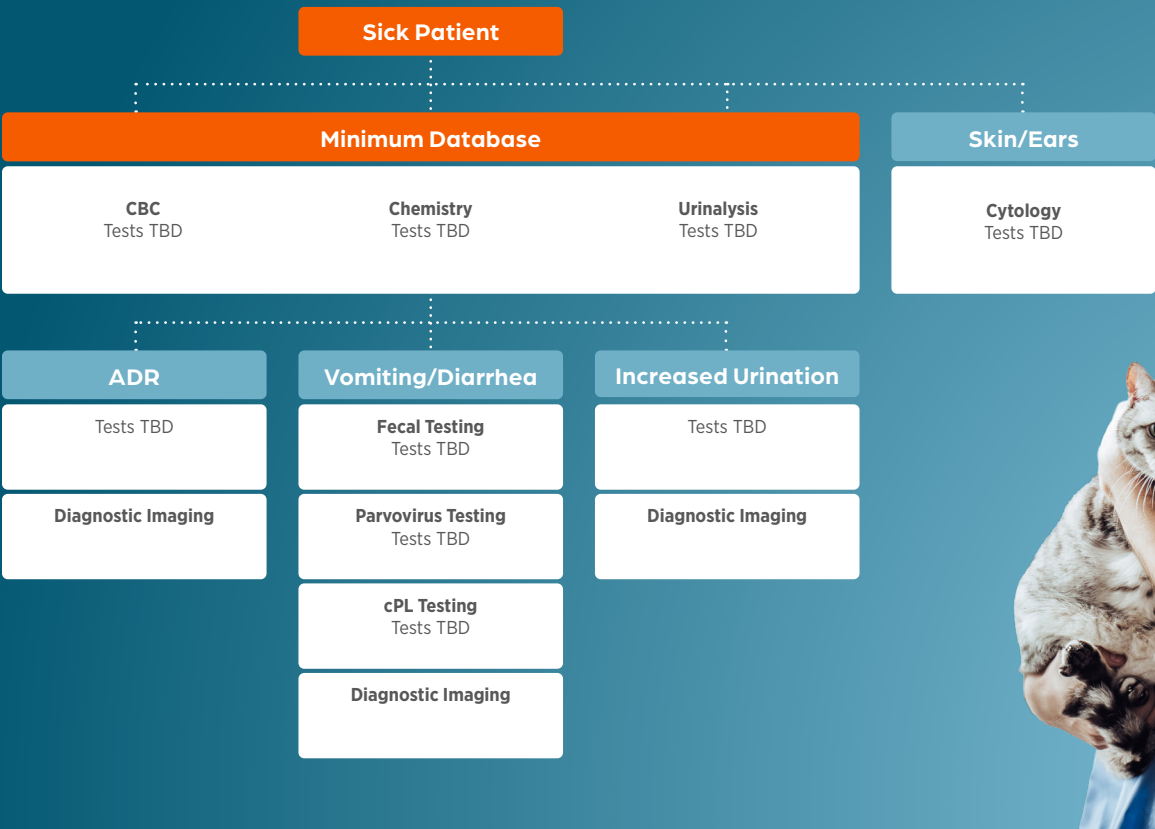

**Dr. Sharon Minninger, Veterinarian and Owner
TELFORD VETERINARY HOSPITAL**
